

Parts List				
Item	Qty	Part Number	Description	Material
1	1	Arduino Joystick Module v1	Imported Joystick Component - Rubber material #1	
2	1	Arduino Joystick Module v1 (1)	Imported Joystick Component - Rubber material #2	
3	1	R.Modular (1)	Right Modular component #1	Polyethylene, High Density
4	1	R.Modular	Right Modular Component #2	Polyethylene, High Density
5	1	L.Controller_Top	Top Cover for left controller	Polyethylene, High Density
6	1	Aduino_Case_Top	Top Cover For Arduino	Polyethylene, High Density
7	1	R.Controller_Top	Top Cover for right controller	Polyethylene, High Density
8	1	Arduino uno v1	Power Source/ Interprets instructions	
9	1	Aduino_Case_Bottom	Bottom Cover for Arduino	Polyethylene, High Density
10	1	Matrix v1	Breadboard Component	Polyethylene, High Density
11	1	Magnets	Used to attach controller shells(x12)	Aluminum
12	1	R.Controller_Bottom	Bottom Cover for right Controller	Polyethylene, High Density
13	1	Matrix v1(Mirror)	Left BreadBoard Component	Polyethylene, High Density
14	1	L.Controller_Bottom	Bottom Cover for left controller	Polyethylene, High Density
15	1	L.Modular_1	Left Modular Component #1	Polyethylene, High Density
16	1	L.Modular_2	Left Modular Component #2	Polyethylene, High Density
17	1	Arduino Joystick Module v1(Mirror)	Imported Joystick Component - Rubber material #4	
18	1	Arduino Module v1(Mirror)	Imported Joystick Component - Rubber material #3	

Dept. FBIT	Technical reference	Created by Alexi Charles 2022-10-25	Approved by Alexi Charles
